

Custom Scraper Order Form

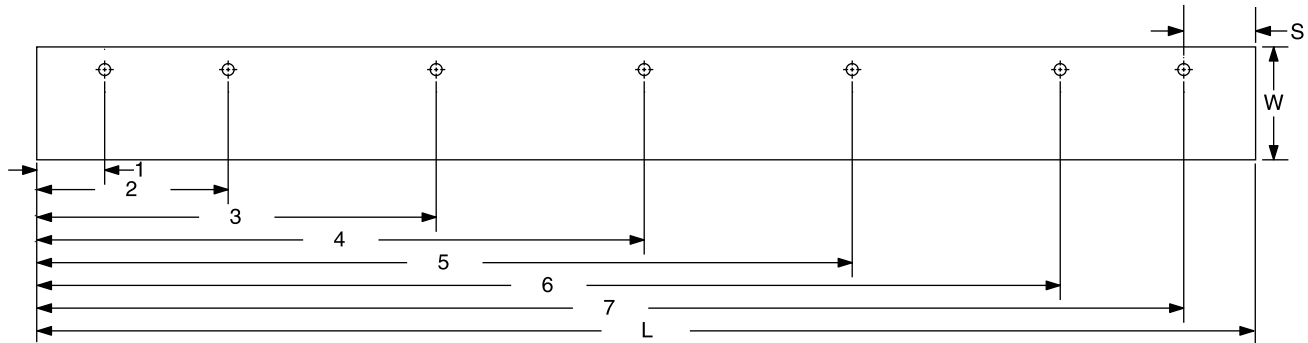

Note: When obtaining measurements from your current scraper blade, please measure from **the center line** of the bolt holes.

Please provide an email address or a fax# in the contact information, so that we can forward a drawing of your scraper for approval. An approved drawing is required before we begin production.

If your current scraper blade has a metal insert molded in the scraper, or if you have any questions, please call us at 800.325.5463.
